Washington, DC 20554

Dear The Federal Communications Commission,

Here in Indiana people have a hard enough time getting by without having to pay a new tax every day. I barely have enough money to put minutes on my cell phone as it is and if you raise the tax I won't ever be able to put minutes on it. I really hope you consider the lower income families that use tracfones as their only phone. Please don't raise our taxes we are paying enough as it is.

Sincerely Melissa Sargent 3992 S CO Rd 175 W Paoli IN, 47454

Sincerely,

melissa sargent
